As Principal of Adharsheela Global School, I feel blessed to have the noble calling of shaping the innocent souls into human beings who are full of knowledge, learning and values. The school has a meticulously designed educational programme that integrates the co-curricular activities aiming to shape responsible, confident and vibrant learners. We give a lot of importance to make discipline a core value and encourage students to develop a sense of respect not only towards themselves but also towards others and also the environment. Due care is taken to see that independent minds are nurtured using a Life Skills based curriculum that ensures students have the necessary 21st-century skills. Importantly we ensure that students experience the joy of learning & become learners for life. Our comprehensive approach includes a well-structured examination schedule, intra school and inter school competitions, house activities, sports & games and morning assemblies. These initiatives collectively contribute to the holistic growth and blossoming of Adharsheelians into knowledgeable, generous and socially conscious individuals. To facilitate this, the school's calendar contains a host of co-curricular activities that cover a very wide spectrum. Performing and visual arts, sports and games, environmental studies, meditation and yoga are practiced as a part of the routine. Children are exposed to real world experience through interactions with the community, trips and excursions to places of historical and social importance.
